

Club Sports

Coaches Agreement

- Coaches are a valuable resource for helping with practice and should provide a program open to all levels of competition according to SCC policies.
- Coaches are responsible for knowing and following all policies outlined in the SCC handbook.
- Coaches must report any disciplinary problems to the Club Sports office within 24 hours of the incident.
- Coaches will understand that nothing has been paid for or pre-approved. All money spent must be approved through the SCC executive council and an officer from each club must be in charge of dealing with the clubs funds.
- Coaches will educate club sport members on the risk and safety procedures of their sport.
- It is the coaches responsibility to provide the safest possible program for all participants.
- Coaches may coordinate the scheduling of competitions, but only in coordination with the clubs officers and participants.
- Coaches should understand that the agreement to coach a club sport at CSM is a volunteer activity. Unless specific arrangements have been made with a particular club it is the responsibility of the coach to provide all personal expense money.
- Coaches should understand that club sports at CSM are on a volunteer basis, all students from CSM have the right to participate and should be given equal opportunity. For no reason should a coach remove members from a club without speaking to the officers of that club, SCC executive council, and the Club Sports director.
- Coaches must meet with the sports club president, the SCC president, and the Club Sports Director to approve this agreement. After this meeting the coach is not required to attend further SCC meetings, but is encouraged to attend the monthly club sports meetings. It is important to understand that coaches attendance at these meetings will not count at club attendance.
- Coaches may be released from their duties at any time based upon violation of this coaches agreement, poor evaluations from club members, or a violation of the specific clubs bylaws.
